Danielle is a licensed architect with over 10 years of experience working with all phases of design and construction. She has worked on projects of varying scales and project types from single family residential to high-end retail and complex large-scale institutional and commercial projects.

Prior to joining SvN, Danielle worked at Holt Renfrew leading the interior renovation of vendor projects in Vancouver and Montreal, and as a Project Architect at A+I in New York where she lead the design and construction of commercial office projects in NYC and LA. She also worked at KPMB Architects for over 5 years gaining experience working on City building projects in Toronto and beyond.

She received her Master of Architecture from the University of Toronto in 2010 and her undergraduate degree in Environmental Design from the University of Manitoba in 2005 where she was awarded the University Gold Medal. Danielle is actively involved in the academic community and is currently a sessional lecturer at the University of Toronto's Daniels Faculty of Architecture, Landscape, and Design.
