The École nationale supérieure d'architecture de Versailles

Kristel is an intern architect at SvN. She holds a Master degree in Architecture from the National Architectural School of Versailles. At Atelier D, Kristel gained experience in the design of low energy buildings. During her working experience in France, she worked on projects at multiple scales, including villas, retails, hotel residence and industrial buildings, coordinating the efforts of contractors, engineering and government agencies. In Canada, Kristel has worked on multiple retail stores using her expertise in both design and furniture detailing.
