Qualifications

2017, Master of Architecture,
Harvard University Graduate School of Design

2014, Bachelor of Architecture (with Distinction), *Lebanese American University*

Mohamad is a Designer at SvN with three years of experience. He holds a Master of Architecture from Harvard University's Graduate School of Design and a Bachelor of Architecture (with Distinction) from the Lebanese American University. His project experience includes a multi-residential dormitory building in Beirut, a transit station expansion in North Carolina, and various mixed-use projects, with involvement ranging from early Schematic Design, to Design Development and BIM modeling. Mohamad specializes in building performance optimization and energy simulation modeling to provide sustainable and forward-thinking design solutions using cutting-edge technology.
