Evan Wakelin is an Intern Architect at SvN with 7 years of professional experience. He holds a Master of Architecture from the University of Toronto. Prior to joining the firm, Evan has worked in Toronto, Amsterdam, Copenhagen, Vancouver, and most recently New York. He has worked on all phases of projects, as well as projects of all scale. Evan has a careful eye for detail, as evidenced by his work in developing schematic design renderings and shop drawings, as well as construction documents for a number of projects. Of particular note, Evan worked on a couple of projects located in Vancouver, where he was instrumental in having them pass through the City of Vancouver's complex building application process.
