

# Park(ing) Day 2024 Community Canopy

If we took all of the street space in Toronto and divided it equally between **all citizens**, each person would have **54m<sup>2</sup>**—the size of the entire display you see here today.

## What would you do with your 54m<sup>2</sup> to improve your community?

Draw a picture, write some words or create something that helps us understand your vision! Pin it up on the canopy to inspire others.

Community - green  
Space is good for the  
mind ❤️ 🌿

The streets of our city  
quietly hold space for  
our conversations, giving us  
room to grow alongside  
each other.

We hope that the streets safe  
continue to provide the space  
for conversations & relationships  
& growth

every time i visit  
the park, i fall a  
little bit more in  
love with Toronto
